## Skills

---

Speaking Languages	Coding Languages	
English (Native)	Python	JavaScript
Mandarin Chinese (Fluent)	HTML	Arduino C
German (Intermediate)	CSS	JSON
Japanese (Elementary)	Java	C++
		C
<b>AWS Certified Cloud Practitioner</b>	<b>MOS: Microsoft Access Expert</b>	<b>MOS: Microsoft Excel Associate</b>

## Education

---

### University of Illinois at Urbana Champaign

Bachelor of Science in Astronomy

Computer Science Minor, Physics Minor

August 2020 - May 2024

Cumulative GPA: 3.65

**2020 Courses:** Intro to Computer Science, Introduction to Astrophysics, Software Design Studio, Discrete Structures

**2021 Courses:** Introduction to Data Structures and Algorithms with C++, The Big Bang, Black Holes, and the End of the Universe, **Fall 2021 Dean's List (GPA 3.85, top 20% of class)**

**2022 Courses:** Relativity & Math Applications, Computer Architecture, Linear Algebra with Computational Applications, Computing in Astronomy, Probability and Statistics for Computer Science, Thermal Physics, Quantum Physics

**2023 Courses:** Planetary Systems, Intro Differential Equations, Classical Mechanics I, Electromagnetic Fields I, System Programming, Galaxies and the Universe

**2024 Courses:** Astronomical Techniques, Intro Quantum Information and Computing

### College of DuPage

Data Analytics Certificate

August 2024 – May 2025

**2024 Courses:** Computers/Information/Systems, Data Analysis w/Spreadsheets, Database Application

## Experience

---

### HomeGoods Retail Associate (August 2024 - Present)

- Gained genuine working experience with the general public
- Experienced working with different coworkers and adapting to their attitudes while on-duty
- Learned how scheduling and responsibility functions in a work environment

### Intro to Astrophysics (ASTR210) Course Grader and Astronomy Department Tutor (Jan 2023 - May 2024)

- Increasing efficiency in working, particularly in making calculations and grasping key concepts from reading
- Reviewing vital knowledge for astronomy research
- Helping students learn and become familiar with terms and concepts crucial to continued study in astronomy

### Field Museum Discovery Squad Volunteer (June 2022 - current)

- Improving public speaking skills presenting specimens and artifacts to museum visitors
- Gauging interest, maintaining positive body language and interactions, and adapting to visitor needs
- Commuting and working independently and on a team of volunteers and staff

### Student at IBM Accelerate (Summer 2022)

- Learned about the process and parts of software development from current employees at IBM
- Networked with professionals and other students within the field
- Worked individually and collaboratively on a website including frontend JavaScript and backend server interactions
